Zerust® Pipeline Preservation Solution

Building a New Pipeline or Mothballing an Existing One?

Vapor Corrosion Inhibitors (VCI) have proven to be a cost effective alternative to the traditional dry and N2 purge technique.

If you are building a new pipeline, as a section is completed, it is typically hydrotested. After hydrotest, many owners will dry the section and purge the atmosphere with Nitrogen. Often, these lines are not completely dry and the combination of water, oxygen and bacteria, can have a negative corrosion effect on this new steel, even if the line has a Nitrogen blanket. Maintaining the Nitrogen can take time and be expensive, especially if the line will not be commissioned for a period of time.

VCI can be introduced to the non-piggable segments as well as the piggable lines very cost effectively in most cases. The VCI can then preserve the line from corrosion for many years. When it is time to put the line into service, there are options for removing the small amounts of VCI slurry, or in some cases, simply start pumping the product.

Similarly, existing lines can be preserved by VCI after cleaning.

Warranty and Disclaimer Information:

We guarantee our products conform to documented quality specifications. Product information subject to change without notice. We make no warranty of any kind expressed or implied as to the effects of use (including, but not limited to, damage or injury). Before use, Buyer/User shall determine suitability of the product for its intended use, and Buyer/User assumes all risk and liability in connection therewith. All statements, technical information and recommendations contained herein are based on testing and experiences NTIC believes to be reliable, but the accuracy or completeness thereof is not guaranteed. Buyer/User agrees that, if product proves to be defective, Seller's obligation shall be to replace or refund the purchase price of such product at Buyer's option. Seller shall not be liable in tort or contract for any loss or damage, incidental or consequential. See www.zerust.com/warranty
